Course Play Layout and Setup

The graphic opposite provides an example image of how we suggest you manage your group on the course so that the course play activity can be delivered in a safe, fun and engaging manner:

- Take a cone onto the course to indicate where the learners should start from. Use the adapted course guidance to start the learners from an appropriate teeing position and we recommend this to be The Chip or The Approach
- Learners take it in turns to hit their tee shot, the group select the best shot and then all learners take a shot from there
- Remember this class is about discussion and discover. It is primarily intended to be a playing opportunity. Take the time to promote questions, discussion and demonstrations.
- Safety is your top priority when on the course, ensure the group understand some of the key principles to playing golf safely on the course;
 - Players should never go in front of the learner hitting the shot
 - Learners should always be aware of other golfers on the course
 - Learners should understand what to do when they hear the shout of “fore” and that they should shout “fore” when their ball is travelling towards someone
