Round the Clock

Round the Clock

Equipment Needed

- Tee pegs to mark the 12 points on a clock at a maximum of 6 feet from the hole on a sloped part of the green

How to Play

- A learner attempts one putt from each tee peg
- The purpose is to note how the slope changes around the hole and therefore the learner needs to adapt where they are aiming
- We suggest framing this as an opportunity to learn the slope on a green, although it can be played competitively, seeing how many putts each learner can hole
- This game can be played individually, in pairs or small groups

Progression Ideas

- Play on a more severely sloped surface
- Introduce a competitive element
- Increase or decrease the length of the putts

Gate Challenge

Equipment Needed

- 6 Tee Pegs
- Putter
- Golf Ball

How to Practice

- Set up the tee pegs on a slope as gates for the learners to try and hit the putt through at the appropriate pace for the ball to miss the tees
- As the learner improves, narrow the size of the gates, or increase the number of gates

Technical Link

- This activity will help the learner to understand the break of a putt over the length of the putt as a whole
- It will help them to understand how length of putt affects the break and how to aim appropriately

How many in a row?

Equipment Needed

- Cones
- Putter
- Golf balls
- Golf hole

How to Practice

- Set this activity up with a cone 3 feet away from a hole
- Give the learner five balls
- See how many parts in a row the learner can hole from 3 feet
- If they miss they have to start back at zero
- Set the learner a concentration drill and see how many they can get in a row

Technical Link

- This activity will help the learner to improve their consistency and concentration on short putts
- Repetition of technique and concentration is the technical skill for this activity

Cliffhanger

Equipment Needed

- Putter
- Cones
- Target line (string, alignment stick)
- Golf balls

How to Play

- Learners should part from the three different start points
- Randomise the cone that the learner starts from
- The learner is trying to pop the ball as close to the line as they can without going over it
- They can play against other learners and the ball that is closest to the line without going over it is the winner. Award minus points for parts that go over the line

Technical Link

- This activity will help the learner to improve their distance control on short putting
- Explain to the learner that the weight of a short putt is very important and that having the correct weight of putt makes the hole bigger

• The line of the putt

- Introduce the concept of learning the line of the putt.
- Learners should practice working out the line of each putt and making sure they don't tread on that line.

• Positive Self Talk

- Encourage participants to practice positive self talk is going to help them as they navigate their way through the ups and downs of learning the game of golf.
- Practicing and getting into the habit of giving positive reinforcement will help to encourage learners to stick with the process of learning the game even when it becomes very difficult for them with a particular skill. A great tip is to ask them how they would respond to a child that had hit a particularly poor shot, or had a negative reaction to their practice/play, and to mirror that in the way learners speak to themselves.

Short Putts Challenge

The Challenge

To complete the Step 1 Challenge the learner needs to putt 2/ 5 balls in the hole from 3 feet on a flat green surface from one position around the hole.

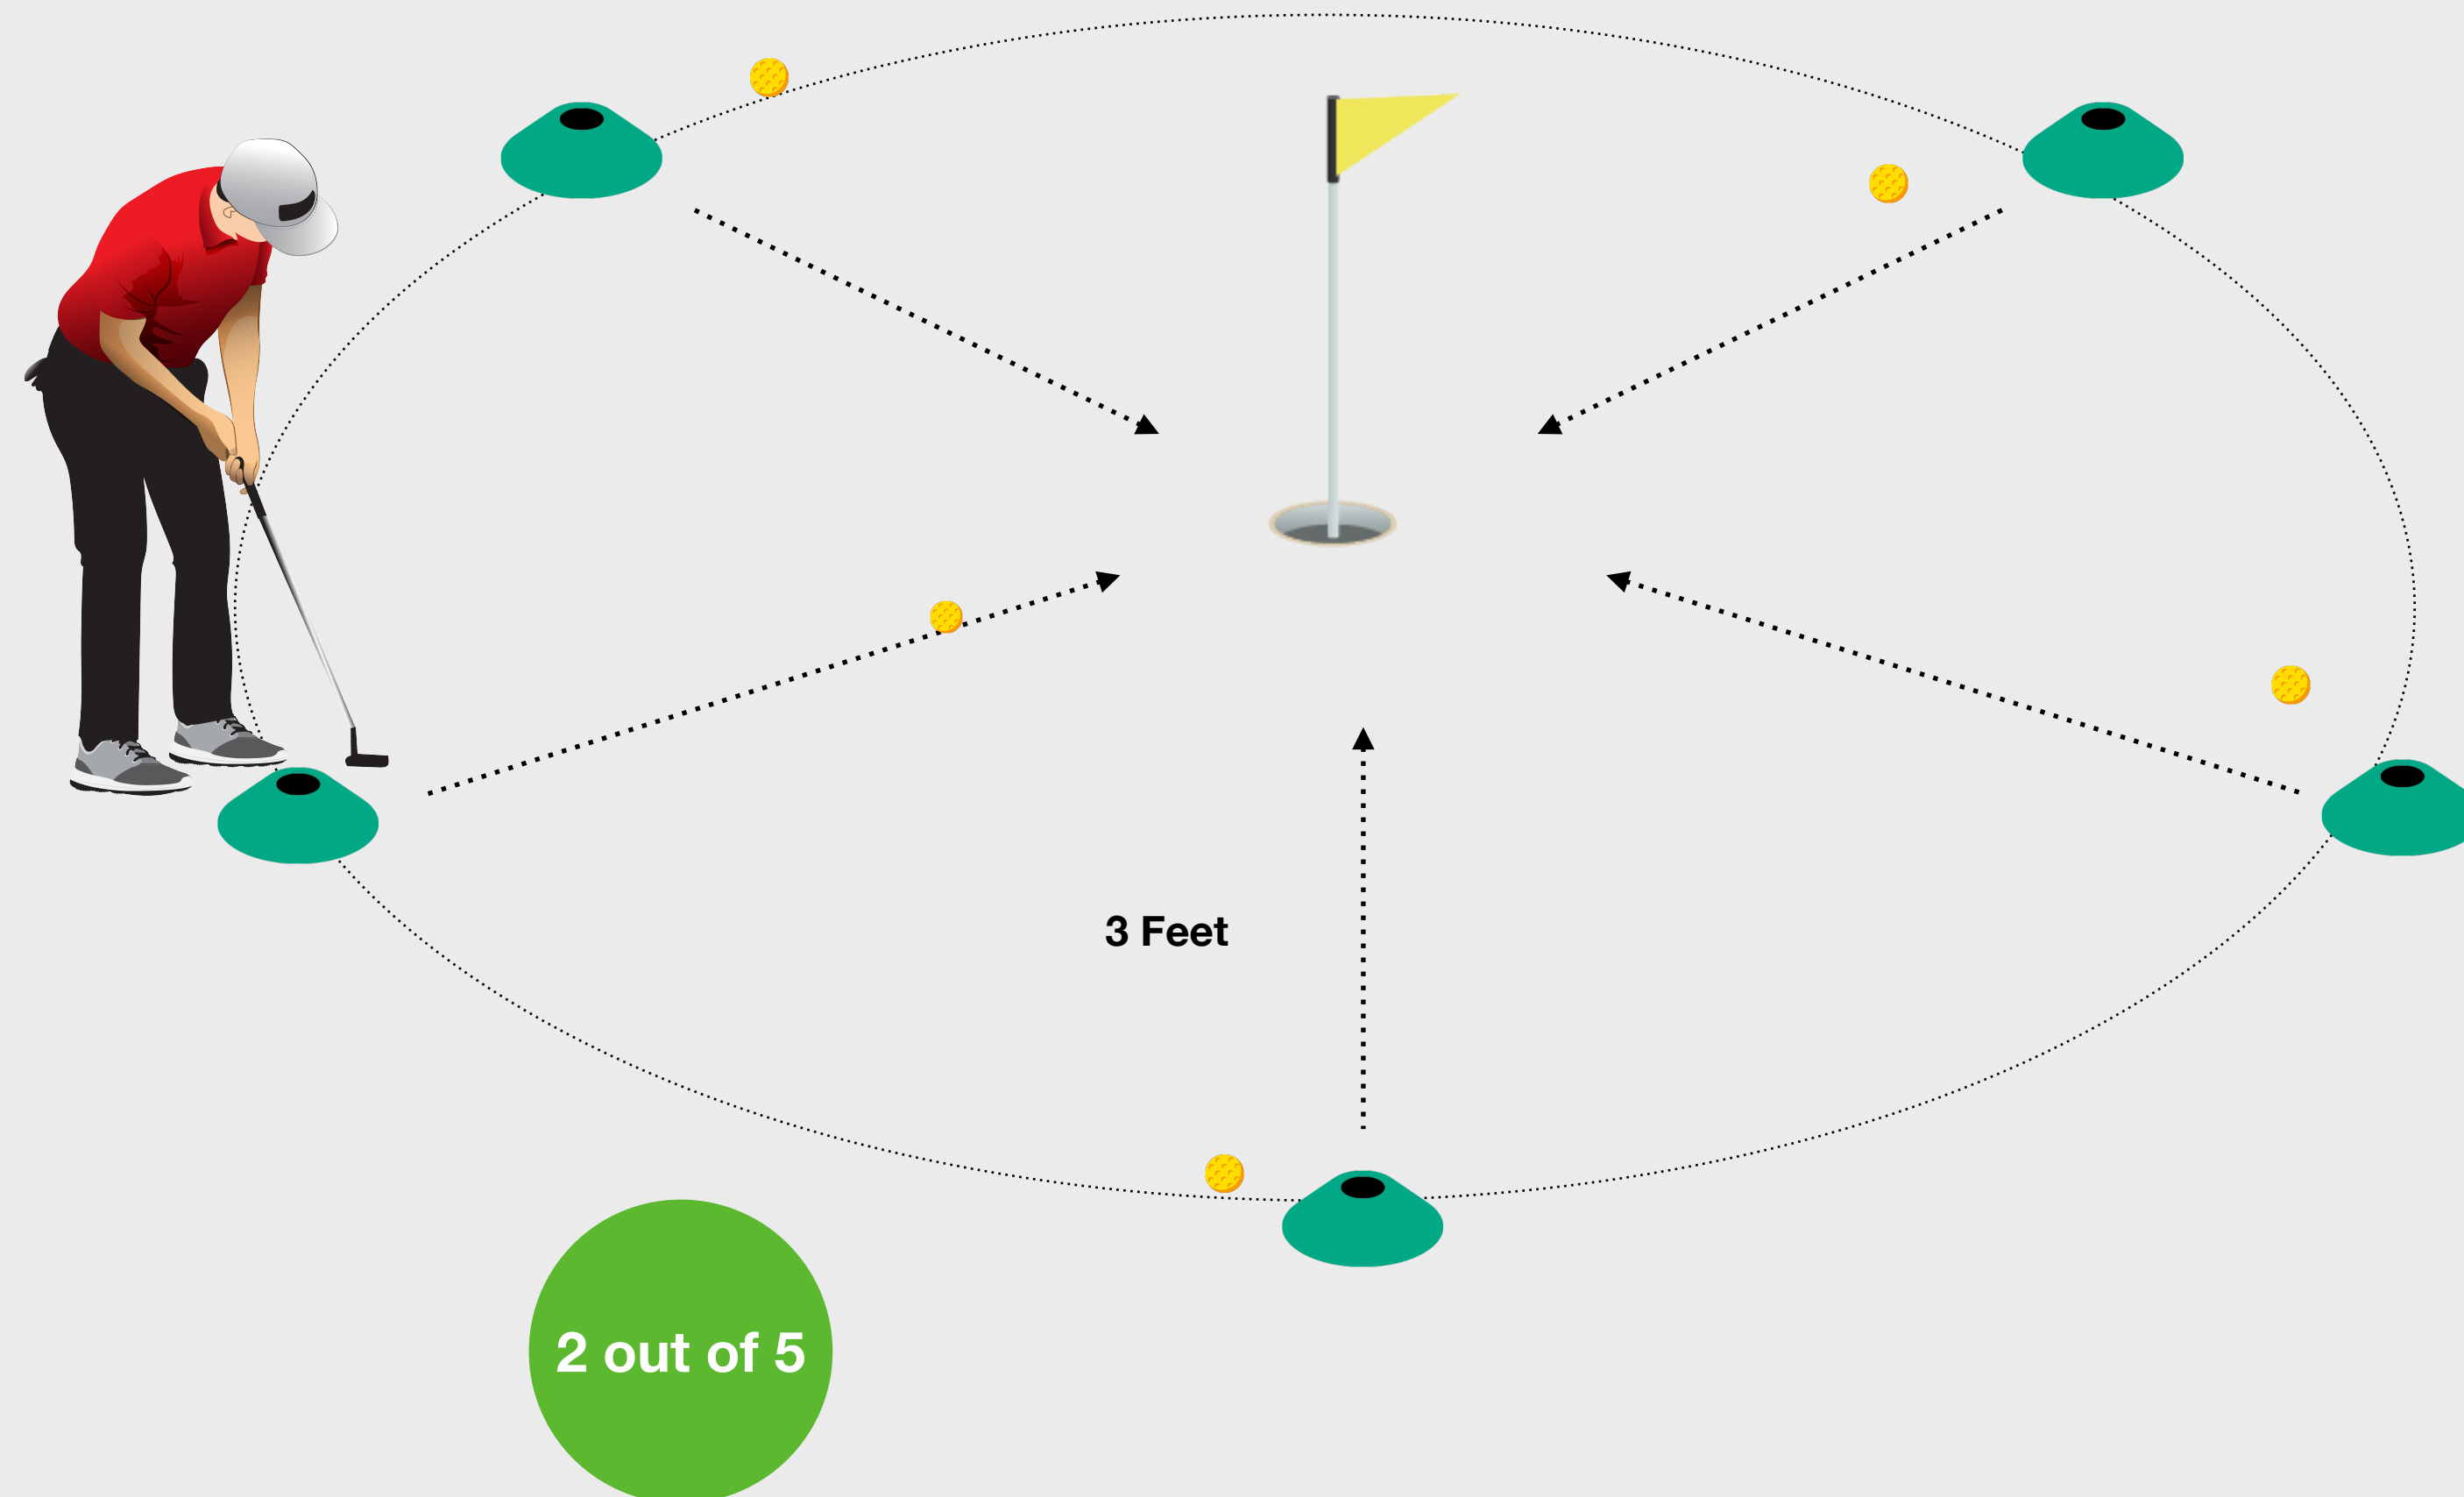

What should the Learner do next?

After attempting the challenge, the learner should:

- Log in to the GLF.Connect App
- If they complete the challenge, mark it as complete in the Challenge Section

Short Putts Challenge

The Challenge

To complete the Step 2 Challenge the learner needs to hole 2 out of 5 putts from a distance of 3 feet from 5 different positions around the hole.

What should the Learner do next?

- Log in to the GLF.Connect App
- If they complete the challenge, mark it as complete in the Challenge Section

Short Putts Challenge

The Challenge

To complete the Step 3 Challenge the learner needs to hole 3 out of 5 putts from a distance of 3 feet and 1 out of 5 putts from 6 feet from 5 different positions around the hole.

What should the Learner do next?

- Log in to the GLF.Connect App
- If they complete the challenge, mark it as complete in the Challenge Section
