Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Physical Literacy Warm Up Game

Fill the Bucket

How to Play

- This game is best played in pairs
- The children start either side of their team's bucket, with 10 balls each on the floor next to the bucket
- On go, from a raised plank position, the children have to pick the balls up from the ground and put them into the bucket
- The team that wins is the one that fills their bucket first and jumps up

Progression Ideas

- Experiment with different poses, holding a squat position, balancing on one leg, etc
- Increase or decrease the number of golf balls for each player
- Introduce a distance between the balls and the bucket so the player has to crawl or travel using a different FMS

Equipment Needed

Orange Safety Cones

SAFETY

3 x Baskets

10 x Golf balls per child

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Personal Positivity

The Whole Child theme this week is about a positive attitude, to ensure a positive outlook despite some of the challenges golf can throw at us.

Carry this theme into the class by encouraging children to express an affirmation before they hit a shot, such as “I will hit this shot through the target gates”.

It should be highlighted that the Achiever Award is presented to the child that demonstrates a positive attitude.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Junior Golf Academy program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Orientation

The Clubhouse

The Learning the Game focus this week is to introduce the children to the Clubhouse and people that they might meet at the course.

You should make sure children know where to go and how to behave when at the golf course and the club, so that they will be able to enjoy themselves at the club, and not feel out of place or get told off for misbehaving.

For more advanced groups introduce them to some of the jobs that are available at the golf club, and the hard work that goes into preparing the course.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

JUNIOR GOLF
ACADEMY

Questions to Ask

- Where do you go when you arrive at the club?
- Where should you go if you want to use the practice facilities?
- What happens if you get into trouble on the course?
- Do you know the people who are in charge at the golf course?

Mastering the Game Cards

Cat and Mouse

How to Play

- Nominate one player as the cat and one player as the mouse. The mouse plays first and attempts to putt their ball anywhere inside the box. The ball must remain in the box
- The cat plays next and attempts to putt their ball and hit the mouse
- If the cat misses, the mouse plays next and putts their ball to another place in the box
- The game continues until the cat catches the mouse by hitting the cat or the mouse escapes when the cat escapes the box
- The players take it in turns to be the cat

Progression Ideas

- Play as a matchplay game
- Change the size of the box
- Introduce a sloped surface when playing the game
- Add in obstacles, other cones that the players need to putt around
- Play the game in teams with multiple cats and mice

Learning Outcomes

- A brilliant game to work on controlling distance on short putts
- Improves accuracy as the ball is a smaller target
- Develops strategic thinking, planning ahead for the next shot

Equipment needed

Orange Safety Cones

SAFETY

String and 4 x Tees to create the playing area

Cones to mark the corners or to add in as obstacles

2 x Golf Balls of different colours

Spare equipment that may be required for the group attendees.

Domino Race

How to Play

- Each player is nominated a line of colored cones and a starting point
- Each player hits their first putt and attempts to hit the first colored cone. If the player misses, they return to the start and tries again
- When a player successfully hits the cone, they pick the cone up and bring it back to the start
- The player who wins is the one who hits every cone in order

Progression Ideas

- Change the distance between the starting cone and the target cones
- Change the size of the targets
- Introduce a sloped surface when playing the game
- Introduce a rule where the player must return the cone after a certain number of attempts
- Alternate the direction of each cone

Learning Outcomes

- A great game to explore the concept of distance control and direction control
- This game will also explore skill development under pressure

Equipment needed

Orange Safety Cones

SAFETY

2 x Blue cones

2 x Green cones

2 x Yellow cones

2 x Orange cones

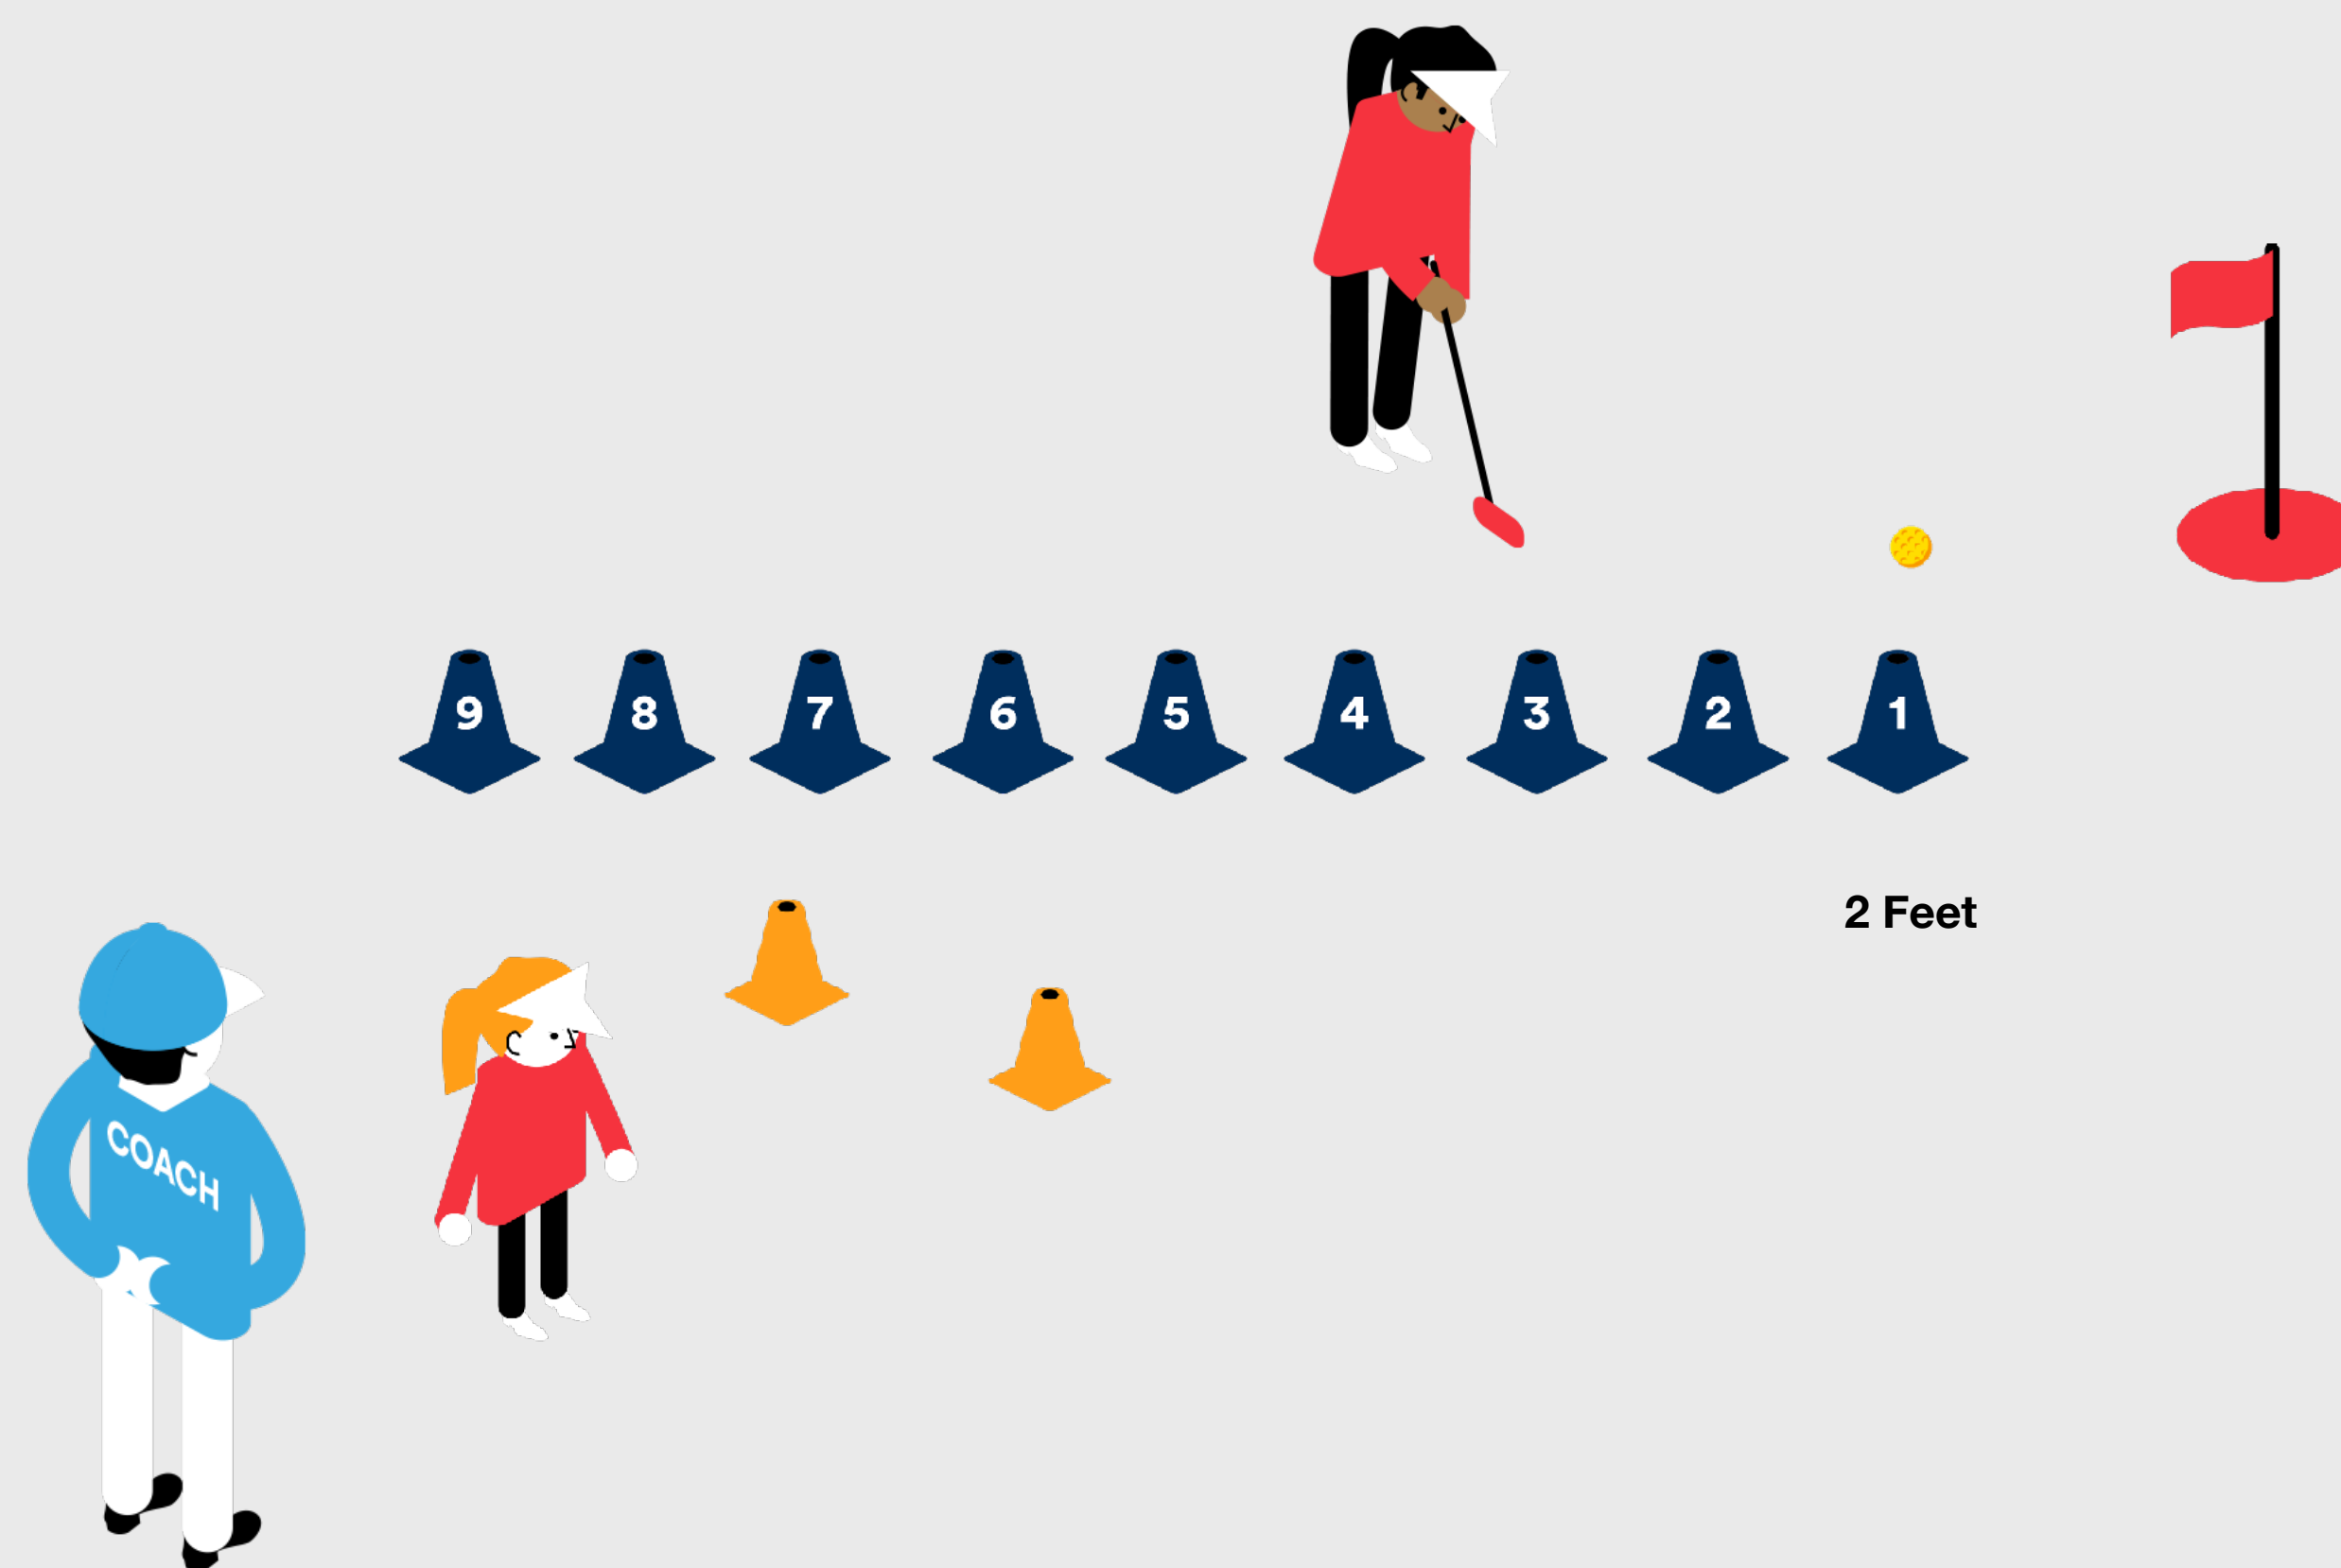

2 x White cones

2 x Starting Cones

Pick a Point

How to Play

- Place the first cone two feet from the hole, and then each cone in order with one foot between each one
- Nominate a child to play first. Each child has five putts to score as many points as possible
- The child chooses a starting position, and if they putt the ball successfully they will score as many points as the number on the cone
- Children take it in turns to putt
- The child who wins is the one who scores the most points out of their five putts

Progression Ideas

- Change the distance between the starting cone and the hole
- Change the distance between each of the cones
- Attempt the game on a sloped surface

Learning Outcomes

- A great game to introduce the concept of risk and reward, along with improving accuracy and distance control

Equipment needed

2 x Orange Safety Cones

SAFETY

9 x Numbered Cones

Golf Balls

Spare equipment that may be required for the group attendees.
