# Layout and Setup

# Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
  - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
  - Dividers should be used to identify the hitting stations
  - Baskets should be placed to the side of the golfers and behind the hitting area
  - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
  - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

# Physical Literacy Warm Up Game

# Superintendents and Hackers

**JUNIOR GOLF**  
**ACADEMY**

## How to Play

- Split the players into two teams of 3
- Nominate one team to be either the Hackers or Superintendents
- On "GO", the superintendents attempt to turn all of the upside down cones the correct way up. The hackers attempt to turn the cones that are the correct way up upside down
- The team that turns the most cones onto the correct side within 60 seconds wins

## Progression Ideas

- Explore FMS movement during the game such as jumping, hopping and skipping
- Change the distance between the cones
- Change the number of cones in the game
- Players must turn the cones using one hand only

## Equipment Needed

Orange Safety Cones

SAFETY

10 x Yellow colored cones

10 x Blue colored cones

# Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

## Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

## Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

## Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

## Run

Explore this skill at a range of speeds, and going backwards

## Hop

Explore this skill by alternating legs on the spot and in dynamic motion

## Side-step

Explore this skill by alternating sides, touching heels and crossing legs

## Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

## Jump

Explore this skill by exploring the movement in multiple directions

## Stand on one leg

Explore this skill by exploring balancing on both legs

## Crawl

Explore this skill by exploring using different segments of the body

# The Whole Child

# Creative Curiosity

The Whole Child theme this week is to encourage creativity and curiosity in golf and life.

It should be highlighted that the Achiever Award is presented to the child that has demonstrated creative thinking, and a willingness to ask questions and learn.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Junior Golf Academy program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

**JUNIOR GOLF  
ACADEMY**

## Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the creativity we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

# Learning the Game Focus

# Playing and Scoring

## How many practice swings are appropriate?

The Learning the Game focus this week is about taking practice swings, why it is important but to also understand how many are appropriate when playing.

You should make sure the children understand they can take as many practice swings as they want, however there is an expectation that they will take their shot without holding up play.

Outline that in the professional game there are penalties for taking too long to take a shot.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

### Questions to Ask

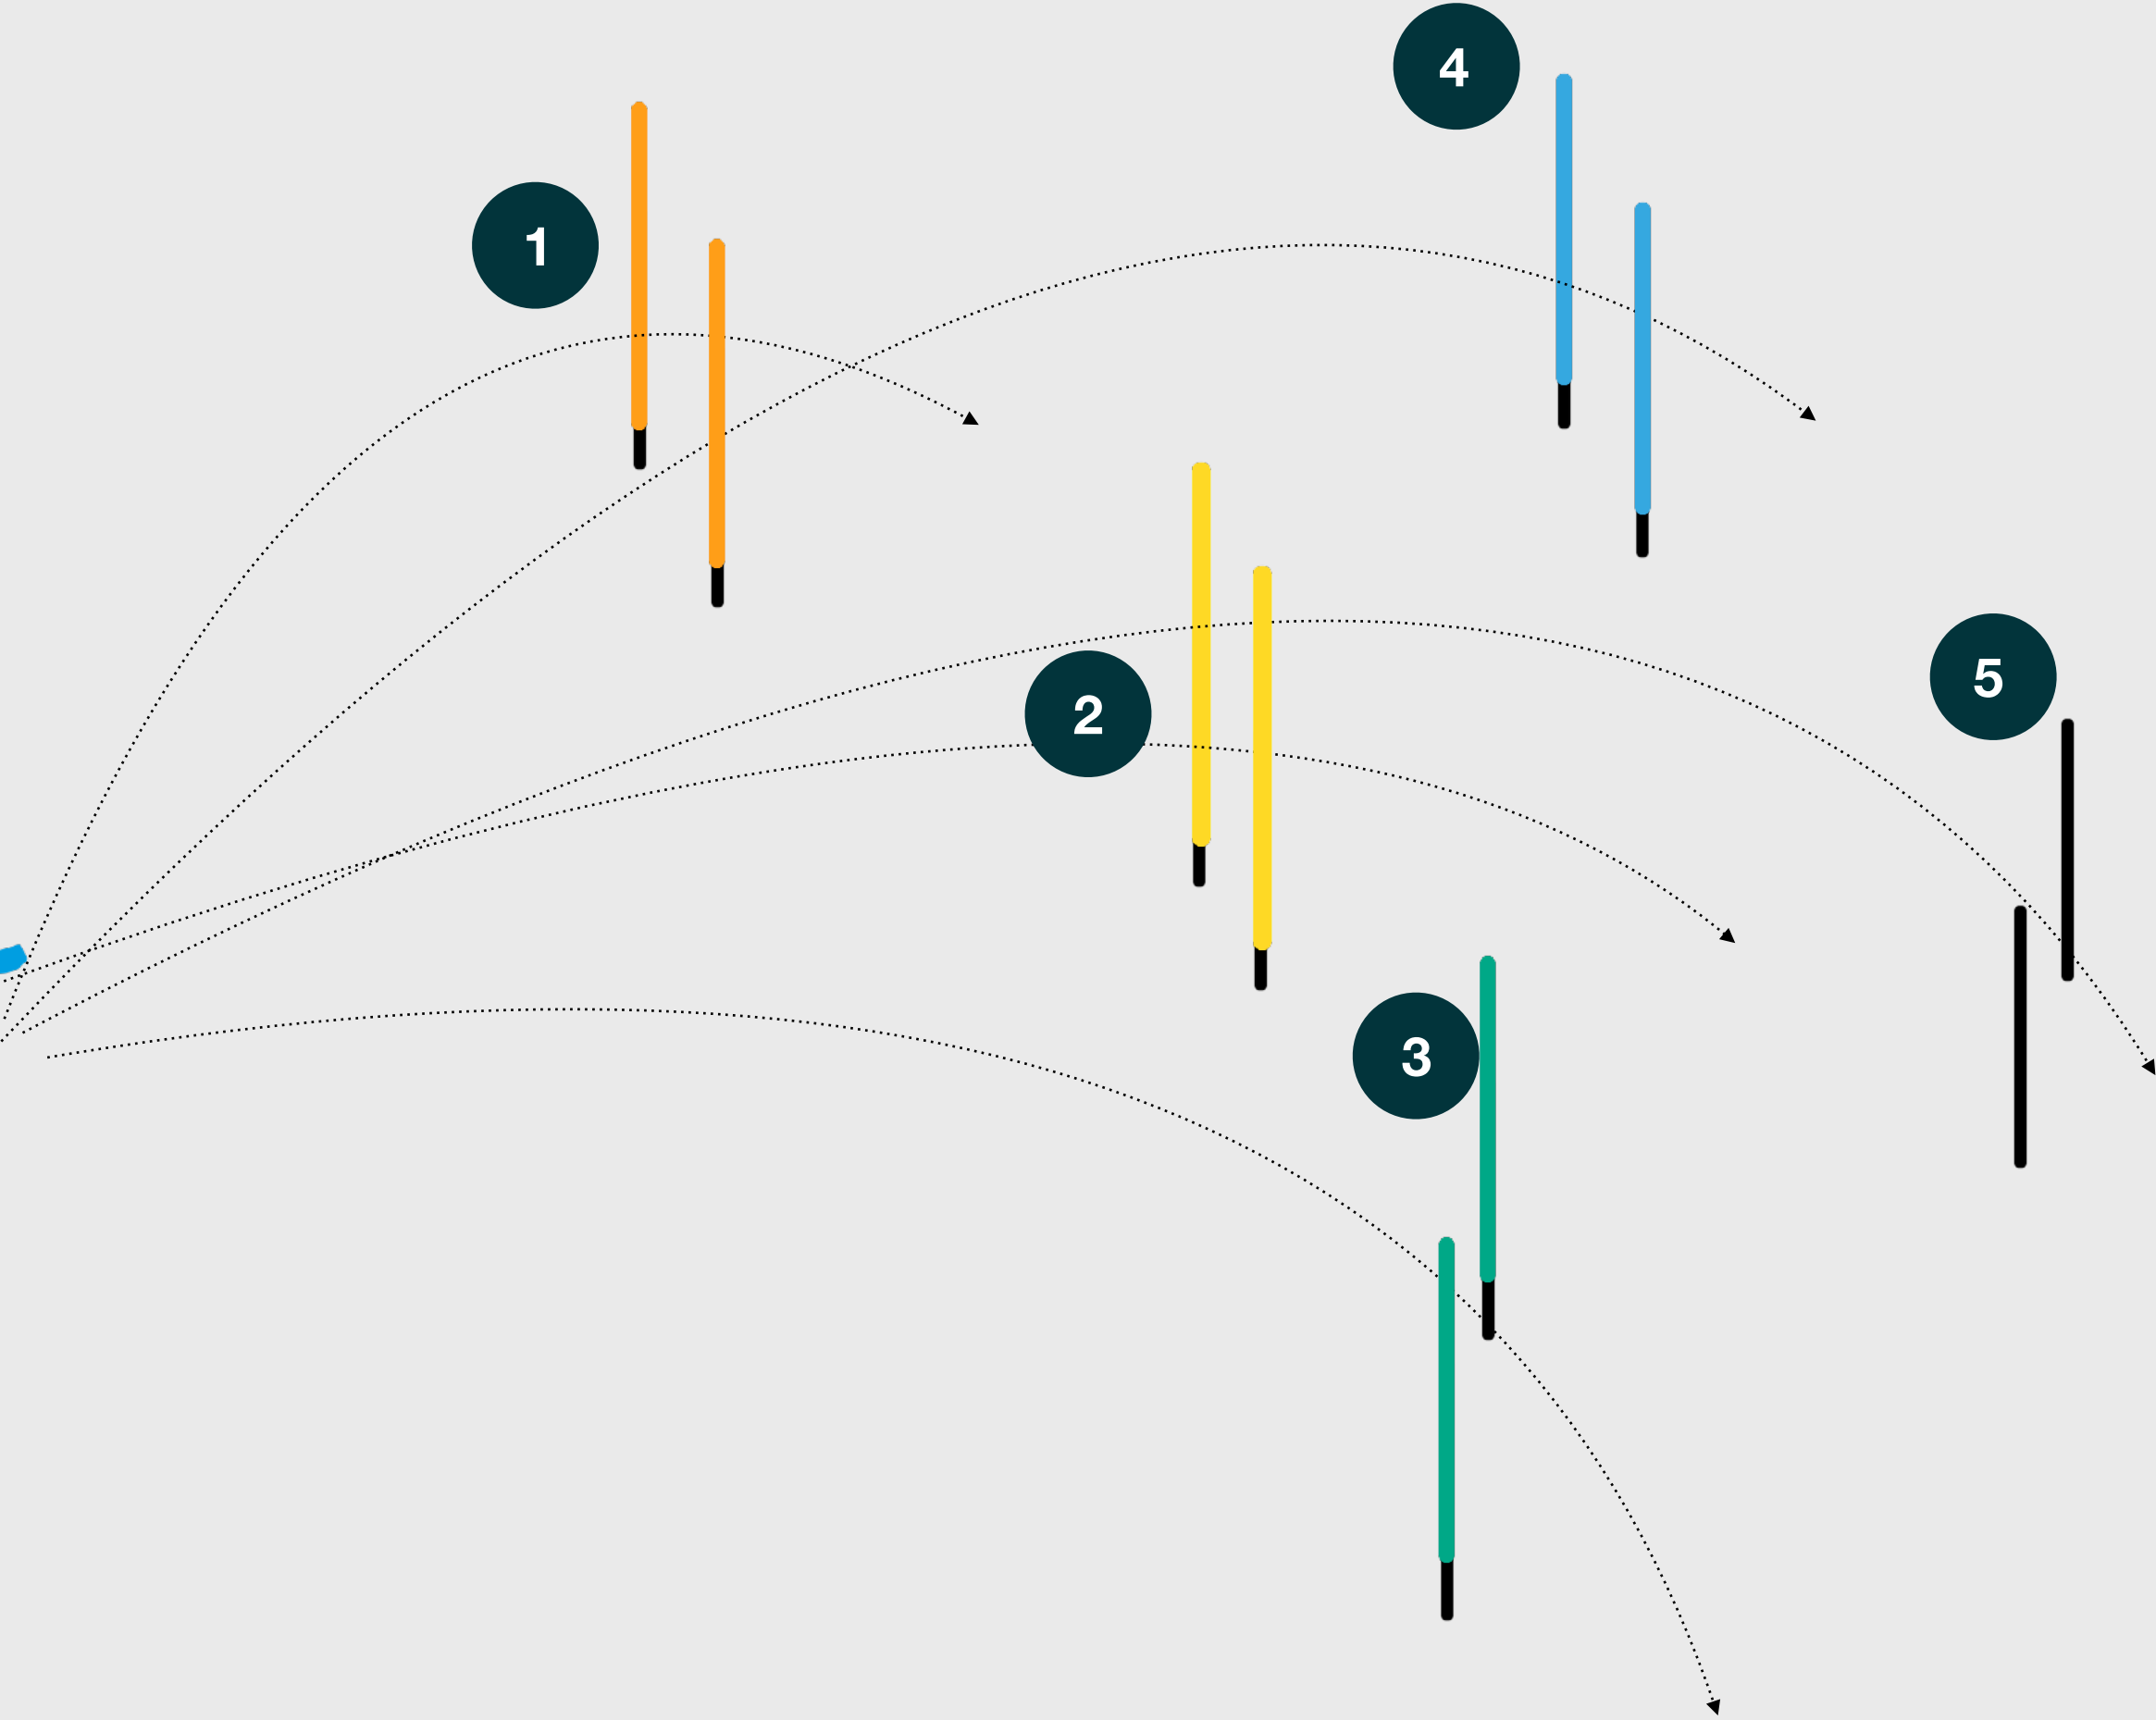

- How many practice swings are appropriate?
- What is the purpose of a practice swing?

# Mastering the Game Cards

# Slalom

### How to Play

- Push the alignment sticks or foam noodles into the ground to create the posts or fairways at different distances
- Set the gates at a width appropriate to the ability of the group
- The challenge is for the golfers to hit through the gates in order
- When a child hits the ball through the gate they move to the next gate
- The children take it in turns to hit their shots
- The winner is the child who gets their ball through the final gate first

### Progression Ideas

- Make the angles more difficult
- Move the gates further away
- Reduce the number of chances a player gets at each gate
- Change the width of the target gates
- Introduce a rule whereby the child has a certain number of attempts before moving back a gate or back to the start

### Equipment needed

4 x Orange Safety Cones

10 x Alignment Sticks

10 x Foam Noodles

# Iron Man

### How to Play

- Set up a fairway on the driving range using alignment sticks
- Children must hit shots with each one of their irons through the target gate
- They will get a point each time they get a ball through the target gate
- They must switch iron each shot

### Progression Ideas

- Narrow the width of the gate

### Equipment Needed

Orange Safety Cones	 SAFETY
Cones to mark out hitting stations	
6 x Foam Noodles	
6 x Alignment Sticks	
Golf Balls	

# Knockdown Tower

## How to Play

- Players take it in turns to attempt to hit the tower
- The game is complete when all of the cones or baskets have been knocked down

## Progression Ideas

- Make the angles more difficult
- Move the tower further away
- Reduce the number of chances the team gets
- Introduce a rule where the ball must not bounce before hitting the tower
- Try to hit the tower by throwing the ball instead of hitting it

## Equipment needed

Orange Safety Cones

SAFETY

Cones to mark out the necessary hitting stations.

Golf balls

6 x Cones to build a target pyramid
