Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Physical Literacy Warm Up Game

Cross the Pond

How to Play

- This version of the game is based played individually
- The children start evenly spaced around the outside of the pond
- On go, the children run in the same direction around the pond
- On the shout of “cross the pond”, children attempt to cross the pond using the hoops or pads to represents the lily pads
- Children are eliminated from the game if they touch the pond or contact another child

Progression Ideas

- Explore FMS movement during the game such as jumping, hopping and skipping
- Increase the size of the pond
- Change the distance between the lily pads
- Reduce the number of lily pads

Equipment Needed

Orange Safety Cones

SAFETY

10 cones to mark the outer edge of the pond

10 x Hoops to use as lily pads

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Personal Confidence

The Whole Child theme this week is to encourage the children to build confidence in themselves, and others. This is not just confidence in the child's golfing ability but also confidence personally.

It should be highlighted that the Achiever Award is presented to the child that has demonstrated an increase in confidence throughout the program, or instilled confidence in others.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Junior Golf Academy program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- "Love that attitude"
- "That's the attitude we're looking for"
- "Great effort, keep it up"

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Playing and Scoring

When to Play a Chip Shot

The Learning the Game focus this week is to understand the different areas around the green and to when to play a chip shot.

You should highlight to your juniors that by practicing the different shots and using different clubs they will build the skills needed to score effectively when out on the golf course.

For more advanced groups take them through some of the more difficult shots and how to approach them.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

Questions to Ask

- What shot would you want to play in this situation?
- Are there any other options for this shot?
- What club do you think would be the best choice for this shot?
- Have you practiced this shot before?
- Have you ever found yourself in this situation on the golf course?

Mastering the Game Cards

Pinseeker

How to Play

- Set up the foam noodles between 10 and 30 yards from the starting cones. Balance a golf ball on top of the foam noodle for added excitement
- The first player chooses which foam noodle they want to aim for, if they hit the noodle and knock off the ball they score a point
- Players take it in turns until all balls have been knocked off or time runs out.
- The winner is the player who knocked off the most balls

Progression Ideas

- Vary the distance from the starting cones to the targets
- Allow playing partners to nominate which target the player has to aim for

- The game is complete when the team have completed every step of the ladder in order

Progression Ideas

- Make the angles more difficult
- Move the gates further away
- Reduce the number of chances a player gets to hit the ball through the gate
