Layout and Setup

Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Stations 1, 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. You may decide the lay out a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
 - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
 - Dividers should be used to identify the hitting stations
 - Baskets should be placed to the side of the golfers and behind the hitting area
 - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
 - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

Physical Literacy Warm Up Game

Golf Baseball

JUNIOR GOLF
ACADEMY

How to Play

- This game is best played in two teams. Split the children evenly.
- One team starts as the fielders and one team starts as the hitters. The hitting team number themselves and the fielding team disperse to the outfield and bases.
- Player number 1 plays first and gets 3 attempts before 'striking out'. When the player strikes the ball, they immediately drop the club and run to first base.
- Players attempt to get round the bases in one go to score a 1 point. Players who make it round but stop at a base score half a point.
- Players swap over once all hitters have struck out, been caught or didn't make it to a base.

Progression Ideas

- Reduce the number of attempts before striking out.

Equipment Needed

Orange Safety Cones

SAFETY

4 x Cones

Golf Wedge

Soft Ball

Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

Run

Explore this skill at a range of speeds, and going backwards

Hop

Explore this skill by alternating legs on the spot and in dynamic motion

Side-step

Explore this skill by alternating sides, touching heels and crossing legs

Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

Jump

Explore this skill by exploring the movement in multiple directions

Stand on one leg

Explore this skill by exploring balancing on both legs

Crawl

Explore this skill by exploring using different segments of the body

The Whole Child

Creative Positive Energy

The Whole Child theme this week is to encourage creativity, specifically through bringing a great energy to each game and challenge that each child faces.

Carry this theme into the class by showing lot's of enthusiasm towards the games and challenges. Make sure everyone is making lot's of positive comments on each others golf and generally too.

It should be highlighted that the Achiever Award is presented to the child that displays the best energy throughout the class.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Junior Golf Academy program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

**JUNIOR GOLF
ACADEMY**

Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- "Love that attitude"
- "That's the attitude we're looking for"
- "Great effort, keep it up"

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

Learning the Game Focus

Preparing to Play

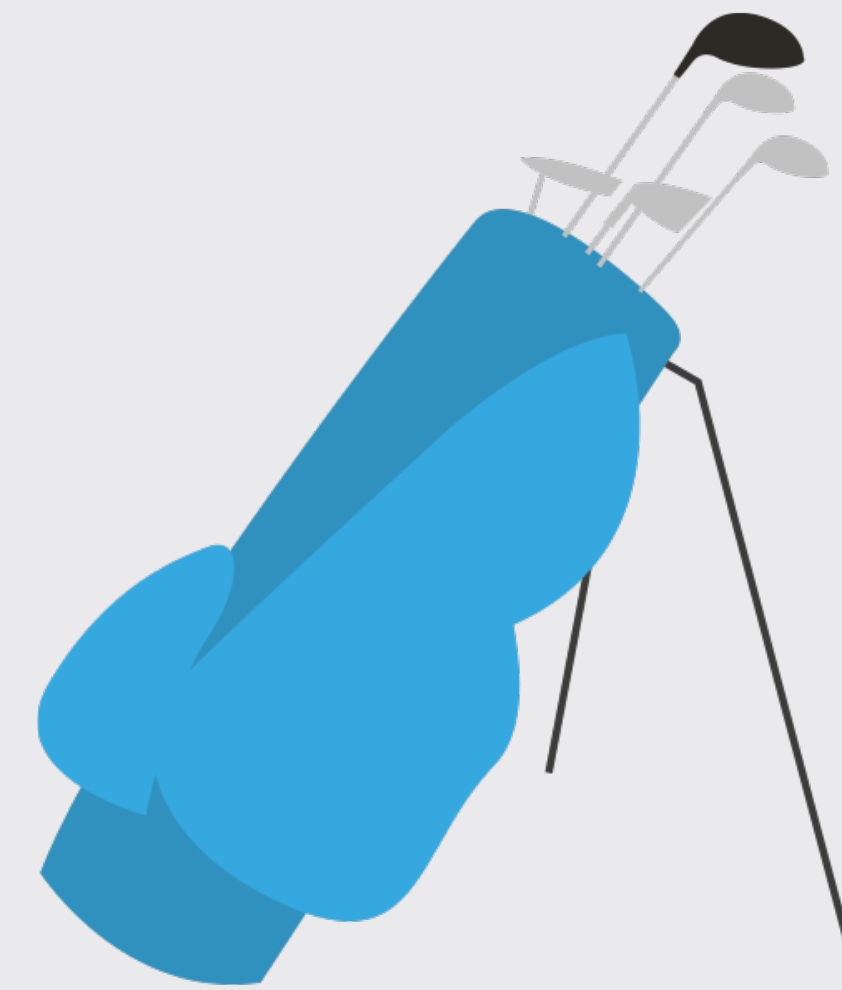

What's in the Bag?

The Learning the Game focus this week is to make sure you are prepared to play by keeping by knowing what you need in your golf bag.

You should highlight to your juniors that it is their responsibility to know what they need and to make sure they have it ready each time they play.

Use the lesson to highlight what the children might need and when they might need it throughout a round of golf.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

JUNIOR GOLF
ACADEMY

Questions to Ask

- What do you need in our golf bag to make sure you are prepared to play golf?
- Who is responsible to make sure those items are in your golf bag?
- Will you always need the same things each time you play?
- How many clubs and balls do you think you need for a round of golf?

Mastering the Game Cards

Rocket Launcher

How to Play

- Choose an FMS for the children to move between the launch pads (hoops)
- Children should countdown as they move to the ball “5, 4, 3, 2, 1...”
- When the child reaches the ball they have to try to launch the ball as high as possible
- The children take it in turns to hit their shots

Progression Ideas

- Ask the children to choose how they move between the hoops
- Award points for how high they can hit the ball
- Add in a distance challenge for the children to try to hit the ball past

Equipment needed

4 x Orange Safety Cones

SAFETY

Hoops

C.O.P.Y me

How to Play

- The children should take it in turns to choose a shot for their partner to replicate
- If the child cannot produce the shot themselves they receive a letter “C”
- If their partner does not manage to replicate the intended shot they receive a letter “C”
- The game continues until one learner has completed the word “COPY” then they lose

Progression Ideas

- Make it target based as well

Equipment Needed

Orange Safety Cones

SAFETY

Cones to mark out the necessary hitting stations.

Golf balls

6 x Cones to build a target pyramid

Up the Ladder

How to Play

- Players attempt to work their way up the ladder in order, starting by trying to hit their shots through the nearest gate
- If a child misses, the team remain on that gate
- If a child successfully hits the ball through the gate, they progress to the next step of the ladder
- The game is complete when the team have completed every step of the ladder in order

Progression Ideas

- Make the angles more difficult
- Move the gates further away
- Reduce the number of chances a player gets to hit the ball through the gate
- Change the width of the target gates
- Introduce a rule where the ball must fly through the air and through the gate

Equipment needed

Orange Safety Cones

10 x Alignment Sticks

10 x Foam Noodles
