# Layout and Setup

# Class Layout and Setup

The graphic opposite provides an example image of how we suggest you layout your class so that the learning outcomes and activities can be delivered in a safe, fun and engaging manner. We suggest running the class as follows:

- Station 1 is the **Challenge Station**. This is where the child, under the supervision of the coach, can attempt the Mastering the Game Challenge to achieve their Achiever Sticker, virtual reward on GLF. Connect and work towards their pins and hats
- Stations 2 and 3 are **Game Stations**. At these stations the children play in pairs or play the games independently with occasional supervision from the coach
- Station 4 is the **Free Practice Station**. It is at this station the child can develop their fundamentals under guidance from the coach, away from any form of game or competitive play. Those in the Practice Station rotate with their partner in the Challenge Station. You may decide the layout a technical drill if appropriate for the child
- Children should play in pairs, with stations 1 and 2 being a pair, another pair at station 3 and the last pair at station 4
- Children should rotate around the stations, with each pair spending approximately **8 minutes** to spend at each station. Each child should get an opportunity at each station during the class
- Safety is your top priority when running your class, please remember to;
  - Add your orange safety cones behind each station to identify to the juniors where they are required to stand when not hitting from the hitting station
  - Dividers should be used to identify the hitting stations
  - Baskets should be placed to the side of the golfers and behind the hitting area
  - Juniors should never go in front of the hitting stations to collect a golf ball or golf club
  - Juniors should always exit the hitting stations from the rear by crossing the orange safety cones

**Station 4:**

# Pitching Challenge Setup

## Setting out the Challenge

- 1 flag should be selected on the green, alignment sticks could be used where this isn't possible
- 2 target circles, marked by cones, are placed around the flag or alignment stick at the diameters in the graphic opposite, 6 yards and 10 yards
- Three starting points are positioned in a row at distances of 20, 30 and 40 yards

## Equipment Required

- Orange cones to mark out a safety line
- Marker cones to represent the tee markers
- Target circles from the equipment bag
- Cones to mark target circles
- Flag
- Alignment Sticks for a flag if this isn't possible

# Physical Literacy Warm Up Game

# Launch Pads

## How to Play

- Split the children into pairs
- Both players must stay in their hoop. The challenge is to launch the noodle and for their partner to catch it without stepping out of the hoop
- The pair that manage the most consecutive catches without dropping the noodle

## Progression Ideas

- Try using two noodles at a time and the partner has to catch both at the same time
- Decrease or increase the distance between the hoops
- Add in additional rules, for example standing on one leg, or catching with one hand
- Put a time limit on each round and switch partners after each round

## Equipment Needed

3 x Orange Safety Cones

SAFETY

6 x Hoops

3 x Foam Noodles

# Fundamental Movement Skills (FMS)

During your Warm Up Game, explore a range of Fundamental Movement Skills (FMS). The children should be encouraged to experiment and develop these movements and you can tailor the difficulty of the specific movement to each child or warm up game.

## Kick

Explore this skill using both feet, different parts of the foot and kicking in the air and on the ground

## Throw

Explore this skill using both arms, underarm and overarm throws as well as at a range of heights

## Skip

Explore this skill using a rope and in dynamic motion at a range of speeds

## Run

Explore this skill at a range of speeds, and going backwards

## Hop

Explore this skill by alternating legs on the spot and in dynamic motion

## Side-step

Explore this skill by alternating sides, touching heels and crossing legs

## Dodge

Explore this skill by getting the child to dodge static and dynamic obstacles at a range of heights

## Jump

Explore this skill by exploring the movement in multiple directions

## Stand on one leg

Explore this skill by exploring balancing on both legs

## Crawl

Explore this skill by exploring using different segments of the body

# The Whole Child

# Personal Self Discipline

The Whole Child theme this week is developing self discipline.

Carry this theme into the class by performing a breathing exercise with the class to show a method of controlling emotions.

It should be highlighted that the Achiever Award is presented to the child that displays self discipline throughout the lesson. An example of this could be reacting well to losing one of the games or challenges by not getting aggravated.

Taking the time to highlight this to the parents and children at the end of the lesson will reinforce the characteristics that embody the Junior Golf Academy program.

An Achievement Sticker can be added to the myAcademy Folder if applicable to your program.

## Reinforcing positive behaviours

There are lots of ways to reinforce the positive behaviours we want to see in your junior golfers.

Non-verbal reinforcement:

- Thumbs up
- Nod of your head
- A smile

Personal verbal reinforcement:

- “Love that attitude”
- “That’s the attitude we’re looking for”
- “Great effort, keep it up”

Group reinforcement:

- Stop the class, get everyone together, and highlight the behaviour you observed, and why you liked it
- Awarding the Achiever reward at the end of the lesson is a great opportunity to reinforce positive behaviours
- Be sure to pinpoint two or three moments in the lesson that stood out to you and praise the children involved

# Learning the Game Focus

# Preparing to Play

## Pace of Play

The Learning the Game focus this week is to learn the pace you should be playing

You should highlight to the children how important it is to maintain the pace of play.

Make sure children understand the timings that are expected to complete a hole, or 9 holes at your golf course.

Carry this theme throughout the class and reward any behaviours with an achievement sticker.

### Questions to Ask

- Why is it important to know how long it should take you to play a round of golf?
- What can you do to make sure you are keeping up with the pace of play?

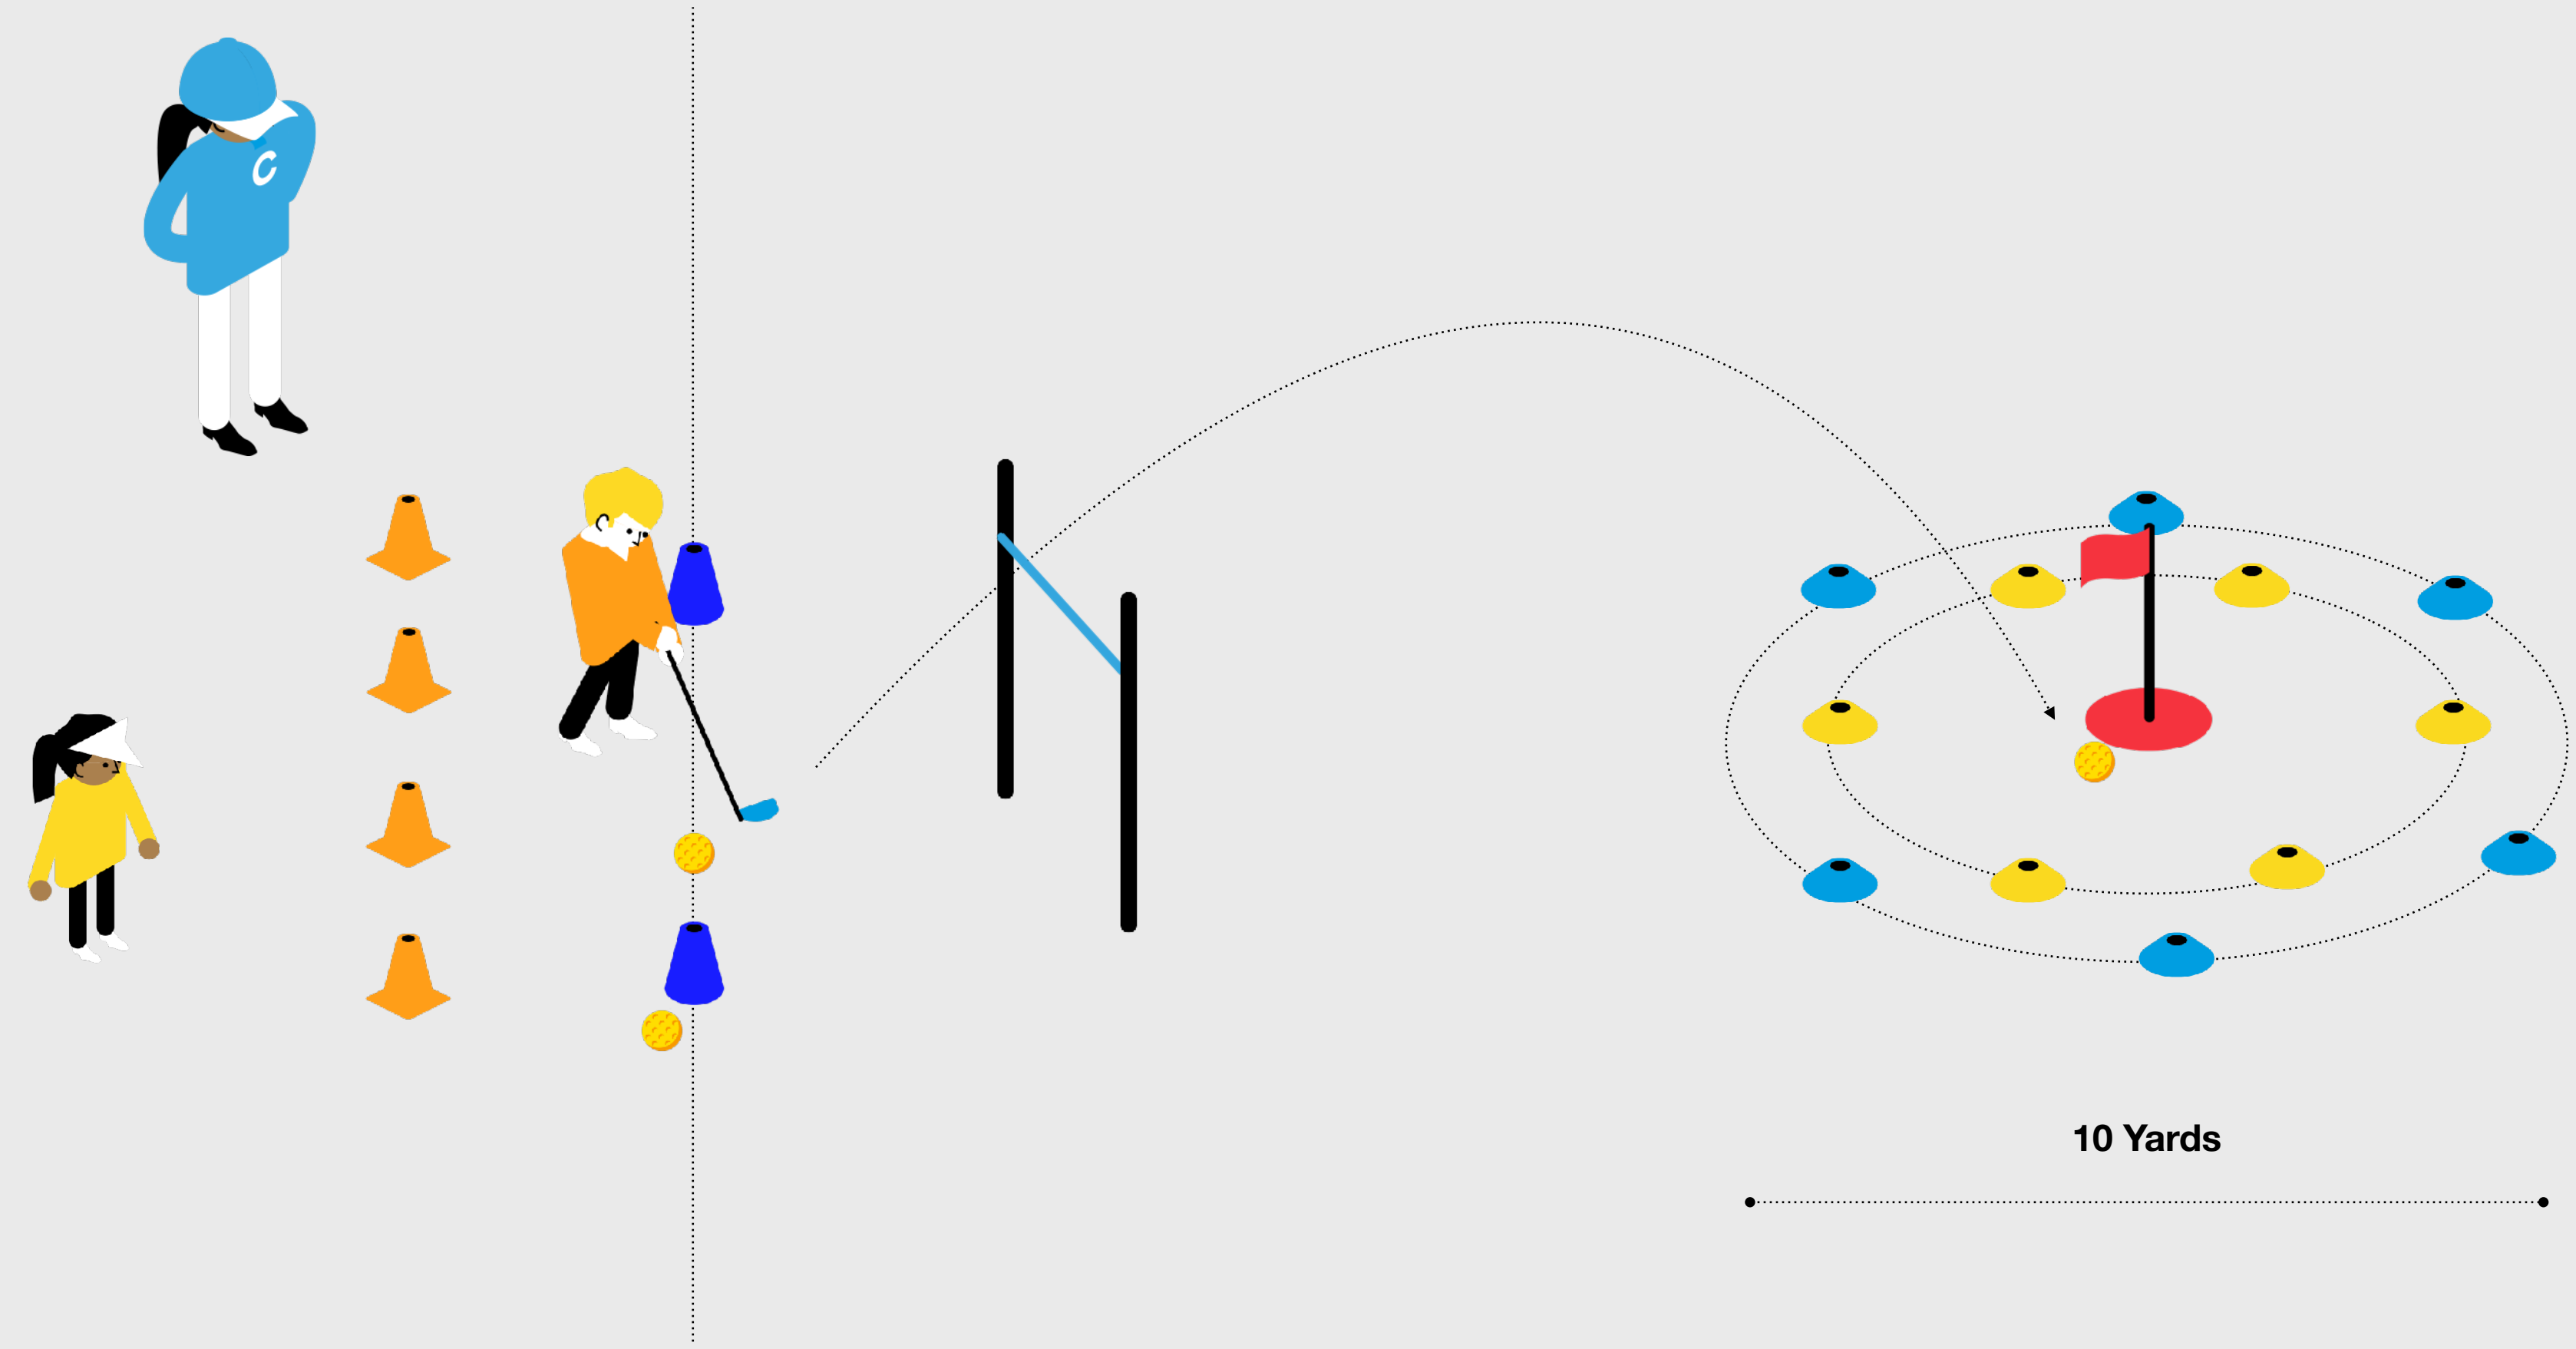

# Mastering the Game Cards

# Over or Under

### How to Play

- Nominate a player to play first. Each child has 2 shots per round
- The first player attempts their first shot over the foam noodle and aims to get their ball as close to the flag as possible
- On their second go they try to chip the ball under the foam noodle and aims to get their ball as close to the flag as possible
- Players score points for getting as close to the flag as possible, 1 point for the outer circle 2 points for the inner circle
- Players have 5 rounds to score as many points as possible

### Progression Ideas

- Vary the starting point from around the green
- Vary the club that is being used
- Vary the lie of the ball on the ground
- Change the size of the target circles
- Change the distance between the starting position and the target circles

### Equipment needed

- Orange Safety Cones
- Cones to mark out the necessary hitting station
- Colored Cones for Target Circles
- Spare equipment that may be required for the group attendees.
- Golf Balls
- Alignment Sticks
- Foam Noodle

# Matchplay Pitch

10 Yards

## How to Play

- Nominate a player to go first, they try to hit their shot into the target circle
- The next player then takes their shot. If neither player hits their shot into the circle they lose the round and go 1 DOWN
- If both players manage to hit the ball into the inner target circle they win that round and the team scores 1UP
- If only one player pitches the ball into the target circle the game remains ALL SQUARE
- The game is played over 9 or 18 attempts, scoring in a matchplay format

## Progression Ideas

- Vary the starting point from around the green
- Vary the club that is being used
- Vary the lie of the ball on the ground
- Change the size of the target circles
- Change the distance between the starting position and the target circles
