

**Subject: Junior Golf Camps**

Dear [insert parent's name],

We are excited to announce dates for our upcoming Junior Golf Camps!

Our Golf Professional team will provide an awesome experience, children will be allocated a team at the start of the camp and will take part in fun games and challenges to earn points for their team across the camp week. Attached to this email is the event flyer with further information.

No previous experience is necessary and we can provide all the equipment required. The games and challenges the children play are designed to introduce them to the skills needed to play golf.

We'd love to provide your child with an opportunity to join in, and experience a taste of our Junior Program here at the Club. The link to book is provided below:

Please let us know if you have any questions.

Many thanks,

[insert coach name]
