Critical to the program is the ability for you and your coach to measure your progress. This will help you engage in the program, and pinpoint where you are on your journey. To align to the Level Themed Classes, a 3-level progression pathway has been developed across two progress areas:

Mastering the Game Skills Challenges

This three level pathway includes a number of skills based challenges you can complete in program classes, externally with others, or on your own. There are 26, fun skill based challenges across the four Mastering the Game Skills.

Get Club & Course Ready

This three level pathway has been designed to guide your journey to become a Club and Course Ready Golfer. It will help you identify where you are on your journey and provide you with the tools you need to become a golfer for life.
