**What Next**

- I have also attached to this email a short Player Profile for you to complete and return to me. This profile will give me an understanding of your goals, lifestyle and insight into your game. This will help to shape further discussions during the on course Discovery Session so we can build an effective coaching plan.
- The first step is to book your on course Discovery Session which is included within your coaching time. This should be 60 minutes and I will call you directly to arrange a suitable time. Please ensure that the Player Profile is returned to me via email at least 24 hours before this first session.
- On this Discovery Session I will also provide you with your **MyGame Booklet** and also run through how to use the features within GLF. Connect.

If you have any questions please don't hesitate to contact me, I look forward to seeing you at the club soon.

Many thanks,
