Technical Guidance

The technical guidance we are prescribing is to be delivered as you see fit. You should use your experience, preferences and be sure to link your technical advice to how this will help students to improve the key skill of pitching. Some of technical content you may want to explore in this session may include:

Awkward Lies - Introduce to the students the difficulties and challenges of pitching from awkward lies:

- Discuss how an awkward lie when pitching can create difficulties controlling distance and flight
- Explain how practising from different lies with ball above and below your feet can give them on course knowledge to fall back on
- Demonstrate to the students how pitching uphill and downhill will affect their landing zone and roll of a pitch shot
- Explain to the students how to play a pitch shot from a bad lie in long grass, or from a tight lie

Keep your technical instruction to less than 5 minutes to allow maximum time for play, practice, and for you to reinforce key skills through individual tuition. Encourage the use of different clubs for practice and exploration of skills through discovery and game-based learning.

Objectives and Setup

9 Scoring School *Break 75 - Swing*

Driver Challenge Setup

30 Yards

Minimum Distance Markers

© 2023 Powered by Orbis Golf

Equipment Needed

- Orange safety cone
- 1x Marker cones
- Coloured Cones
- 4x Alignment Sticks
- 4x Foam Noodles

Setting out the Challenge

- Orange cones to mark out a safety line
- Marker cones to represent the tee markers at the challenge station
- Use the cones to mark out the carry distance lines or use features on the outfield
- Alignment sticks with foam noodles should be used to measure the gate 30 yards wide
- Set out all the markers to enable every student to attempt their challenge for their scoring goal

30 Yards

Example Class Layout and Setup

Station 1:
Practice Station
Pitch Uphill

Station 2:
Practice Station
Pitch Downhill

Station 3:
Practice Station
Pitch Ball Above

Station 4:
Practice Station
Pitch Ball Below

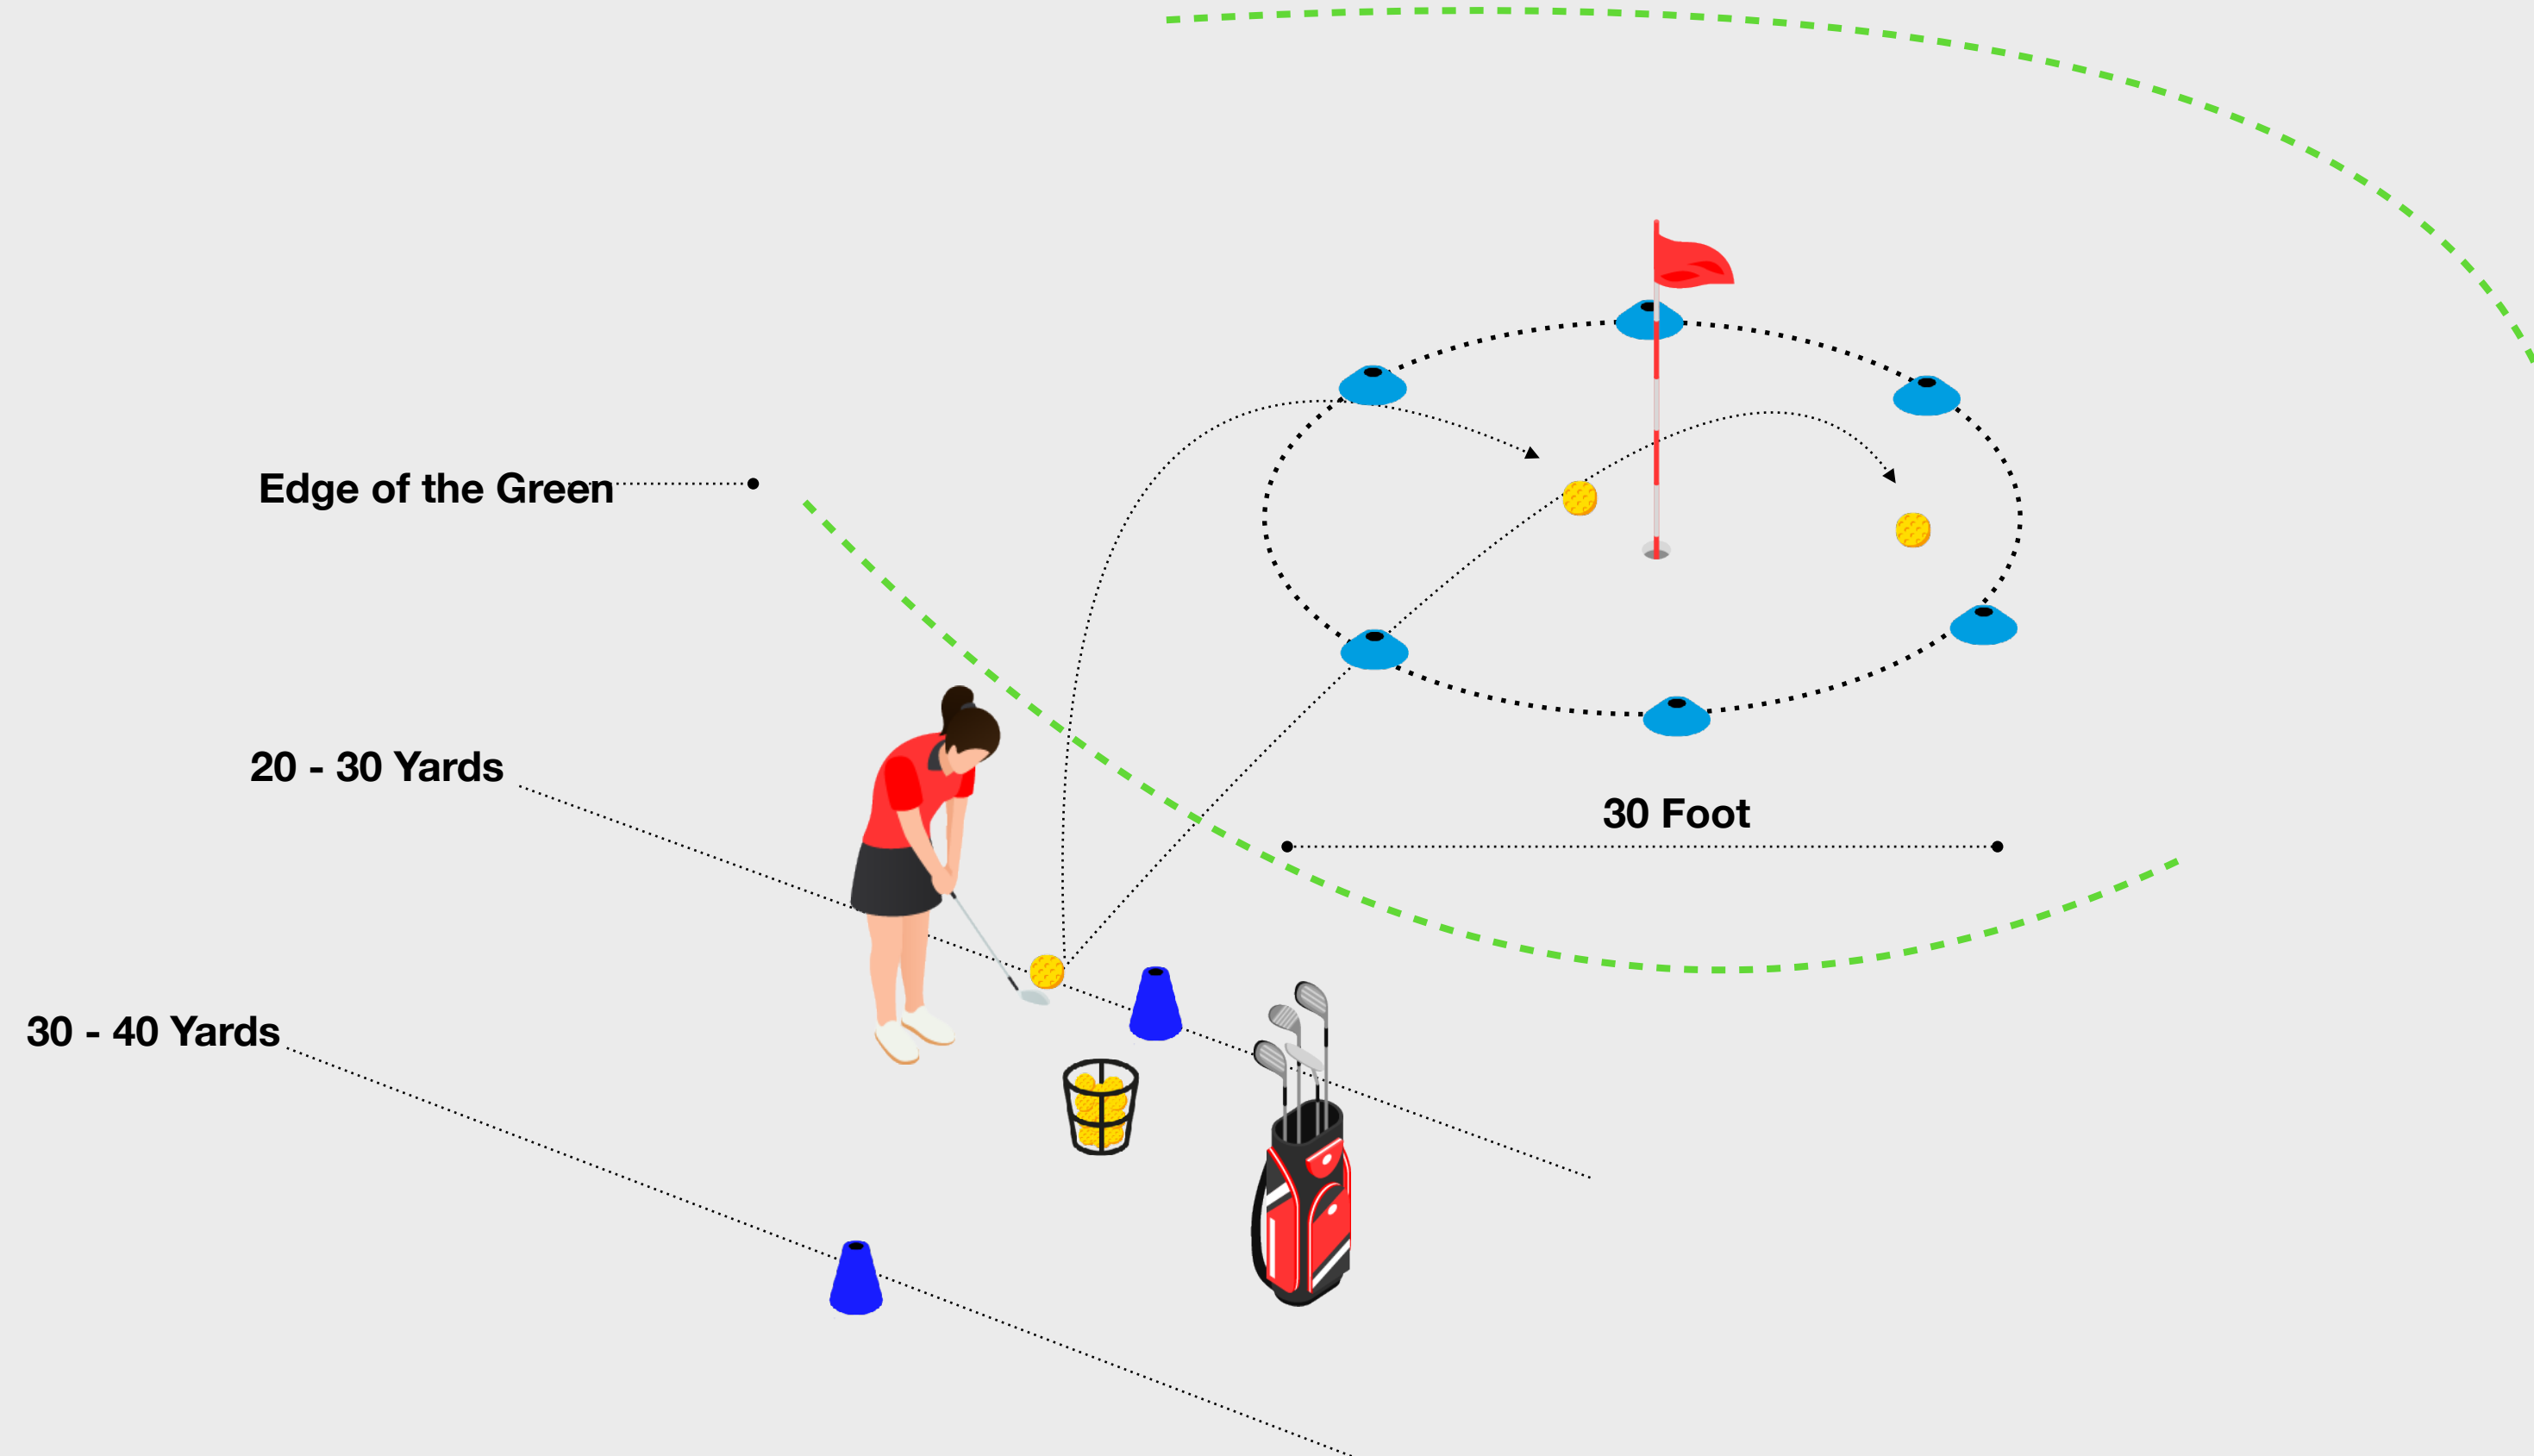

Group Discussion:
Start, during and end of class

Station 5:
Challenge Station

Pitching Challenge Setup

Equipment Needed

- 2x Marker cones
- 1x Alignment Sticks
- 1x Flagstick
- Tee Pegs
- 6x Coloured Cones

Setting out the Challenge

- Create a 30 foot diameter target circle around the flag/alignment stick using the coloured cones
- Using marker cones create starting points positioned in a row at distances of 20 - 30 yards and 30 - 40 yards

Practice Stations and Games Cards

Pitch Uphill

Equipment Needed

- Uphill shot on course or on range
- Various Wedges
- Golf Balls

How to Practice

- Students should understand how an uphill lie will affect the flight of a pitch shot and adjustments that can be made to mitigate the effect
- Explain how an uphill lie will shorten the shot because of the additional height
- Explain to the students how to adjust their technique and to change club to allow for the change in distance

Technical Link

- By making adjustments to the setup and club selection explain to the students how these changes will affect their result

Pitch Downhill

Equipment Needed

- Downhill shot on course or on range
- Various Wedges
- Golf Balls

How to Practice

- Students should understand how an downhill will affect the flight of a pitch shot and adjustments that can be made to mitigate the effect
- Explain how a downhill lie will add length to the shot because of the angle of the terrain
- Explain to the students how to adjust their technique and to change club to allow for the change in distance

Technical Link

- By making adjustments to the setup and club selection, explain to the students how these changes will affect their result.

Pitch Ball Below

Equipment Needed

- Side slope shot on course or on range with ball below the students feet
- Various Wedges
- Golf Balls

How to Practice

- Students should understand how the ball below their feet will affect the flight of a pitch shot and adjustments that can be made to mitigate the effect
- Explain how having the ball below their feet will make the ball go to the right for a right handed golfer
- Explain to the students how to adjust their technique and to change club to allow for the potential change in distance

Technical Link

- By making adjustments to the setup and club selection explain to the students how these changes will affect their result

Pitch Ball Above

Equipment Needed

- Side slope shot on course or on range with ball above the students feet
- Various Wedges
- Golf Balls

How to Practice

- Students should understand how the ball above their feet will affect the flight of a pitch shot and adjustments that can be made to mitigate the effect
- Explain how having the ball above their feet will make the ball go to the left for a right handed golfer
- Explain to the students how to adjust their technique and to change club to allow for the potential change in distance

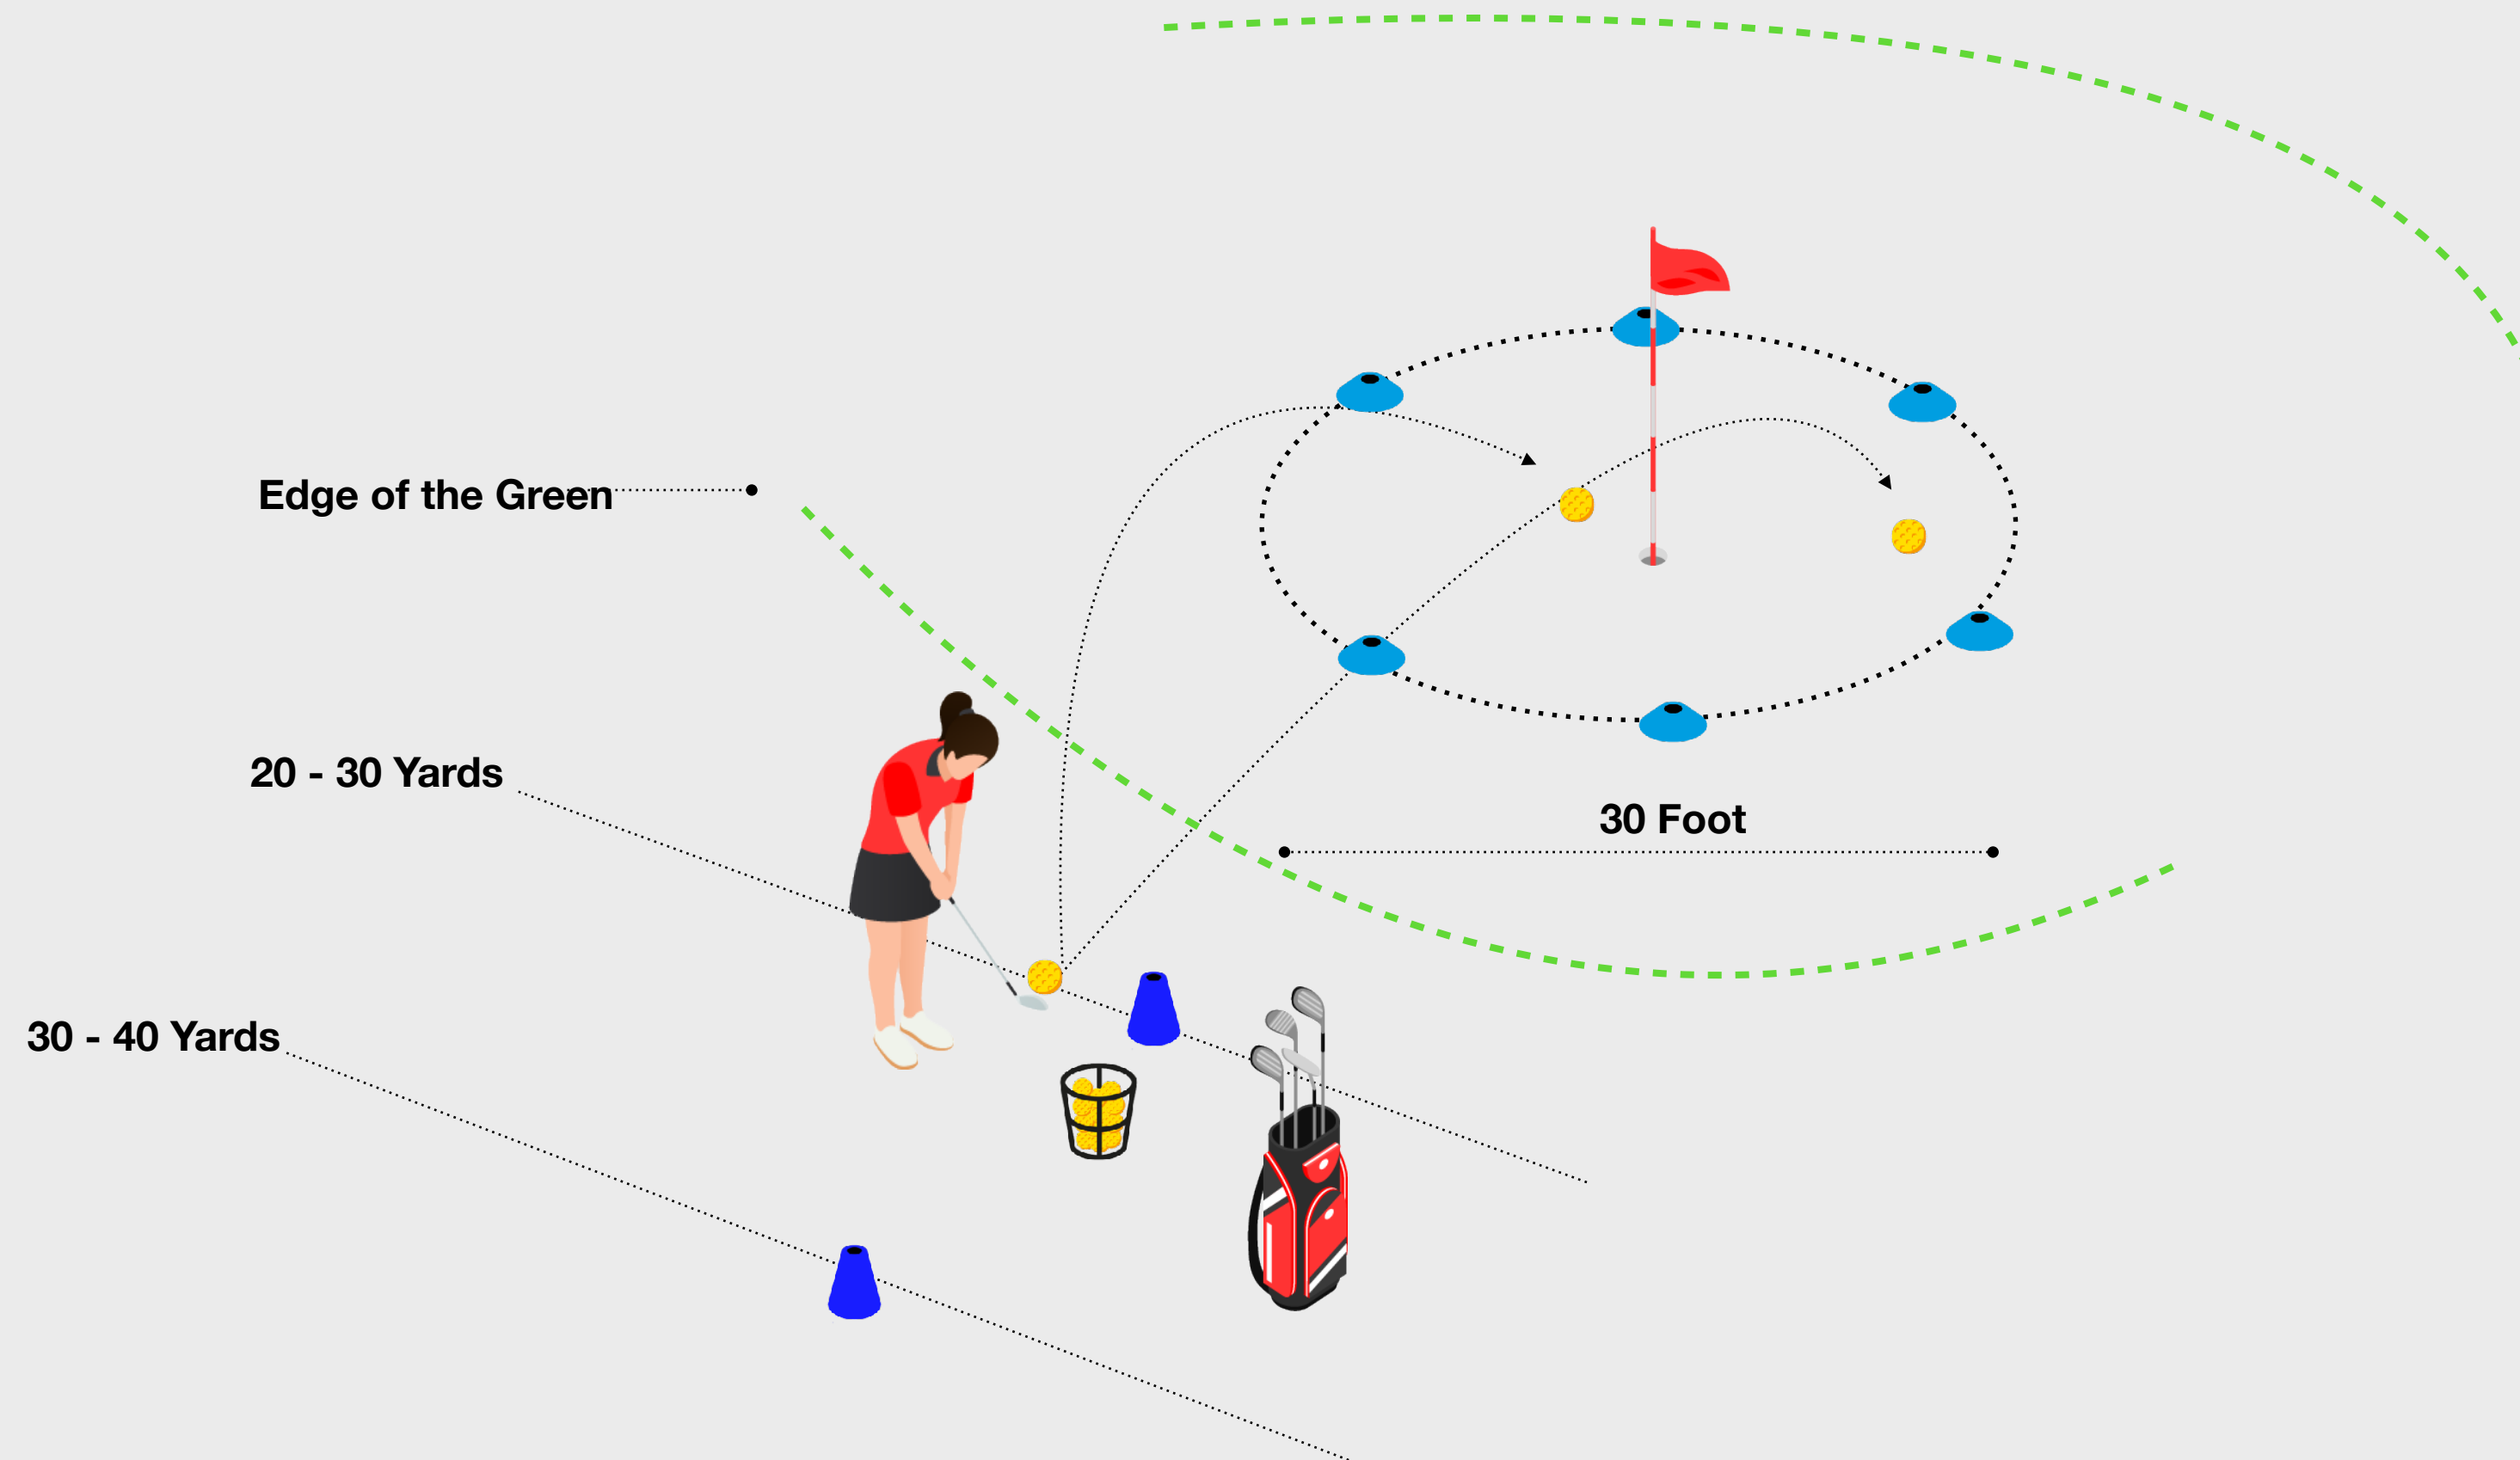

Technical Link

- By making adjustments to the setup and club selection explain to the students how these changes will affect their result

Pitching Challenge

Pitching Challenge

Attempting the Challenge

- Students hit 10 shots in a random order from each starting position to finish within the target circle
- Record the result of each attempt on the Challenge Scorecard
- Students should drop the ball on each attempt

The Challenge

- Attempt to pitch the ball to within the target circle from each position around the green. Students should attempt 10 shots from each starting position

- **7/10 pitches within target circle from 20 - 30 yards**
- **6/10 pitches within target circle from 30 - 40 yards**

What to do Next:

- On the GLF. Connect App, the student should mark the challenge as complete for scoring goal they complete to achieve their virtual reward
